GRAPHICS PANEL TEMPLATE

MATFIELD PEDESTAL RAIL SMALL PANEL

Updated 2020-06-25

This template is for the small graphic panel in front of the pedestal.

The pedestal and small graphic bolt onto a modular reader rail.

See the modular reader rail template for the larger, main graphic panel.

Avoid imagery that crosses the seam from the large graphic to this smaller panel; perfect alignment during production is difficult.

The pedestal panel graphic dimensions are 14" wide by 2.1325" tall.

Please provide an additional 1/2" bleed on all sides (so the artwork should end up 15" wide by 3.1325" tall).

Keep all text or critical imagery 1/4" in from the cut line.

This template is editable in Adobe Illustrator.
